SAMARA 

When you
want to
live life
to the full

Welcome to a range of cars specially designed for those who like to pack a lot into their lives.

Everything about the Samara spells happy family motoring. Each boasts a spacious interior with ample room in the back for three adults, and you'll find the controls carefully arranged for fingertip convenience.

A 5-speed gearbox comes as standard, taking the strain out of those long journeys. And an overhead cam engine gives you plenty of zip underfoot, whilst front wheel drive gives you sure-footed control even in icy conditions. Talking of safety: built-in crumple zones and impact-absorbing bumpers bring added protection when you need it most. What's more, dual circuit servo-assisted brakes, toughened steel chassis and double body panel protection take care of your investment, whilst a catalytic converter helps to take care of your environment.

The Samara makes motoring a real pleasure thanks to its home-from-home comforts. Moulded upholstered seats...deep pile carpeting... a truly powerful heater to warm you up quickly on those chilly mornings... a Samara has everything you could ever need in a car – and more.

Whether you plump for a sleek 3 or 5-door hatchback or a 4-door saloon, a Samara will make your money go a lot further.

At last, here's a quality new car at a price that'll leave you with plenty to spend on life's other enjoyments.

The Samara. The perfect car for those who live life to the full.

The Samara hatchback is a winning combination of family-sized 5-seater space, easy driving, versatile carrying capacity and refined good looks.

Lift up the tailgate, fold the rear seats forward and you'll be amazed just what you can load into the generous 43.3 cu. ft. hatch.

Whilst you can find room for lots in the back, you'll also discover plenty under the bonnet.

This reliable performer has a choice of either a clean and eager 1.1, 1.3 and 1.5 litre overhead cam engine which will give you all the power you need.

The 5-speed gearbox is smooth and responsive, handing you a fifth gear for cruising along with ease.

And a heavy duty starter, alternator and battery will give you a flying start on those freezing winter mornings.

Yet for such a lot of car, the Samara hatchbacks cost surprisingly little.

The Samara 3-door hatchbacks. The versatile performers.

When it comes to refined practicality, the Samara 5-door hatchbacks are the order of the day.

Thanks to the handy rear doors, five adults can slip in and out of this roomy people carrier with ease.

What's more, a generous hatch area gives you acres of space to slot in the most awkward of loads.

Naturally, the gutsy 1.3 and 1.5 litre engines have more than enough power to handle a car-full, and you'll also find them refreshingly economical.

A tough steel chassis is the underlying reason why these 5-door hatchbacks are so strong and reliable, so you can trust a Samara to take the heaviest loads in its stride.

And if you want refinement on top of practicality, take a look at the top-of-the-range GSX: one glance at the rich fabric upholstery, deep pile carpeting and quality stereo radio-cassette system will tell you here's one family car you'll really enjoy driving.

Yet for all of this, you'll find the Samara 5-door hatchbacks astonishingly good value for money.

Looking for a car with space enough to carry five adults with ease? With plenty of leg room in the back? Not forgetting the convenience and practicality of a generous 14 cubic foot boot?

Look no further than the Samara 4-door saloons.

Here is family motoring in perhaps its most pleasing form. These handsome saloons are as sturdy as they look, and they share the sheer dependability of the Samara name.

Beneath the bonnet is an impressive transverse overhead cam engine which combines real pulling power with penny-pinching economy.

Front wheel drive gives controlled road-holding on even the slippiest and steepest of stretches.

And a 5-speed gearbox hands you the extra you need to make light work of those heavy treks.

What's more, the yawning boot takes the bulkiest loads in its stride. Yet these saloons are equally strong on home comforts. Take the GSX - with rich fabric upholstery, deep pile carpeting and a quality stereo radio cassette system, this saloon makes any trip a pleasure.

And because these saloons boast the same remarkable value for money as the other Samaras in the range, you can invest in a brand new family car and still have ample left over to enjoy life to the full.
